## UNDERGRADUATE PROGRAMS

### Technology & Engineering programs (27 programs)

Navigation	Ship Production & Offshore Engineering	Handling & Lifting Machinery	Petrochemical Engineering	Hydraulic Engineering	Industrial Engineering Management
Marine Engineering	Naval Architecture & Ocean Engineering	Mechanical Engineering	Environmental Engineering	Maritime Safety Engineering	Maritime Management
Fluid Power Automation	Marine Mechanical Engineering	Mechatronics	Communication & Computer Network	Road and Bridge Engineering	<b>Foreign Language Studies (02 programs)</b> Business English English language
Marine Electrical Engineering	Automation of Electric Power systems	Automotive Engineering	Software Engineering	Civil & Industrial Engineering	
Electronics & Telecommunications	Industrial Electrical Engineering	Heat & Refrigeration Engineering	Information Technology	Residential and Industrial Architecture	

### Advanced programs (03 programs)

Global Studies and Maritime Affairs
International Business and Logistics
Business and Marketing Management

### Business & Law programs (08 programs)

Maritime Business	International Business	Business Administration	Maritime Laws
Inland Waterway Business	Logistics & Supply Chain Management	Accounting & Finance Management	Finance & Banking Management

### High-quality programs (04 programs)

Maritime Business	International Business
Industrial Electrical Engineering	Information Technology

### Specialized classes (02 programs)

Navigation
Marine Engineering
