WORLD TRADE REPORT 2021

Economic
resilience
and trade

What is the World Trade Report?

The World Trade Report is an annual publication that aims to deepen understanding about trends in trade, trade policy issues and the multilateral trading system.

What is the 2021 Report about?

The 2021 World Trade Report explores current debates about economic resilience in a global economy increasingly subject to natural and man-made shocks, and explains how the WTO can contribute to improving economic resilience.
